'Regeneration. Reflection.' by Christine Goerner is a solo exhibition that brings together works from her award-winning *Mountain Ash* and *Lake Fyans* series with new photographic art.

'*Mountain Ash*' series celebrates the majesty and beauty of a regenerating forest. Rich in texture and detail, each work captures the distinct hatched patterns created by thousands of extremely tall, bare Mountain Ash trees around Marysville, Victoria. New works will be shown in this series with light, muted colour palettes.

'*Lake Fyans*' series features painterly interpretations of trees, water and reflections of the landscape at Lake Fyans, near Grampians National Park, Victoria. Textured abstractions of nature in moody and vibrant summery colour palettes will be shown.

Artwork ranges in sizes from statement pieces suitable for feature walls, art for smaller interior spaces and sizes ideal for gifting art.

All works are limited editions in various sizes, frame finishes and priced to suit every budget.

We look forward to welcoming you at this show.
